# OUR PHILOSOPHY

---

We believe in the fine details, in creating a tranquil atmosphere for you to feel rested and relaxed. Our focus is you, and above all, your needs. We believe in applying a socially and environmentally conscious attitude to everything we do. We believe in preserving the life and culture of Ecuador and these enchanted islands. Let us share our local knowledge with you to help make your time in Galapagos a memorable one.

Enchanted Galapagos Lodge was first established over 20 years ago as a restaurant, then later as a hotel. The hotel was then sold to family friend, Judy Carvalhal (CEO of Enchanted Expeditions), and her children Tatjana Angermeyer, Joshua Angermeyer and Nicolas Ortega-Carvalhal and was re-opened to the public in January 2018.

With over 120 years of combined experience in the tourism industry and knowledge of the Galapagos Islands we at Enchanted Expeditions are proud to apply our expertise to this hotel.
